employees

103 Countries
using our system

We are Number 1

TRUSTPILOT

Highest rated
POS company online

"I started Epos Now because I was a frustrated business owner. It's just not enough for EPoS systems to accept transactions, deliver receipts, create reports and be ludicrously expensive. They should be affordable, make life easier, make your customers happier and be accessible from anywhere."

Jacyn Heavens, Founder

- 24/7 dedicated UK customer service team
- Onsite engineers based across the UK
- 12 month warranty on all hardware
- Next day hardware replacement service
- Unlimited 1-1 training and coaching
- Online backup and financial grade encryption
- Unique workflow and support ticketing for case management
- Dedicated account management and corporate department

#1 rated EPoS system TRUSTPILOT
